

## HELP FOR PARTICIPANTS

### 1. First step: Download zoom and prepare for Conference:

a) Address link: <https://zoom.us/client/latest/ZoomInstaller.exe>

Common problems when installing zoom:

1. Error for TLS :

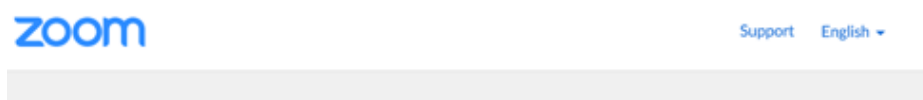

FIX: Need to click Open internet Options and find and check boxes: TLS 1.1 and 1.2 , next step click OK and Try again.

2. If you join from tablet or other Android or Apple device check and find program on internet page:

<https://zoom.us/download>

3. If you have problem with installing zoom on you device , check on your screen did you have option: „Join from your browser”

A download should start automatically in a few seconds.

If not, [download here](#).

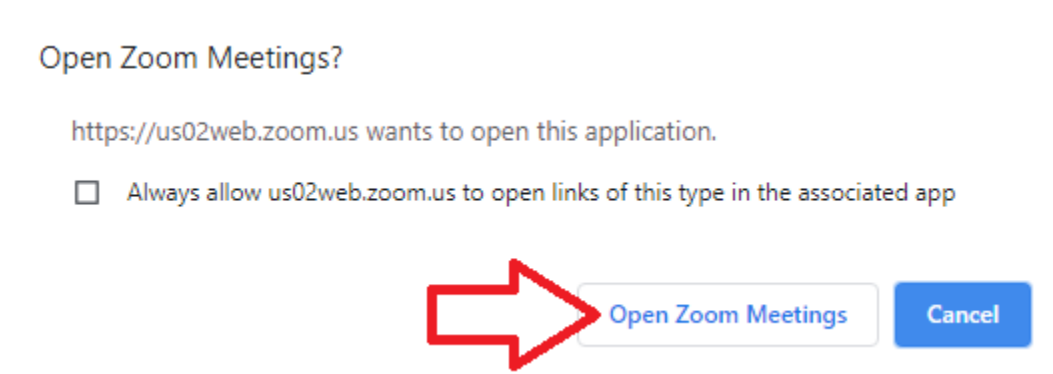

If you cannot download or run the application, [join from your browser](#).

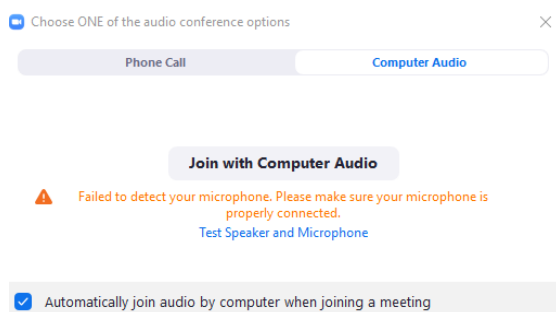

**2. Next step:** Check room link from Dynamic website : <http://www.dynamic-conference.eu/schedule/>
